Representative Lorimer of Chicago,

fore the house. After another long pause the farmer observed: "Say, you sin't a lawyer or you'd be talkin'; you ain't a doctor cause you ain't got no satchei, and you shore ain't a preacher from the looks of you. What is your profession,

"I am a politician," replied Lorimer. The Marylander gave a snort of disgust. "Politics ain't no profession; politics is a disorder."-Success Maga-

VIEW OF THE EXPOSITION GROUNDS.

Great Pier to be Dedicated To-day, September 14th.

With a magnificent display of fire- Tentatively, it provides for several works, supplemented by an electrical illumination never before witnessed in this section of the country, the mammoth government piers at the Jamestown Exposition which are now nearly completed will be formally dedicated to-day, September 14th.

This announcement was made officially last Saturday, and with it came the information that the occasion will be one of the most memorable in the history of the Jamestown Exposition, the completion of which will be marked by this event.

Many distinguished men will participate in the exercises. Invitations have been issued to a large number of government officials, as well as officers of the Exposition Company, the illuminate the Pier.

The program for the dedication of the piers bas not been completed.

Many distinguished men will participate in the exercises. Invitations have been issued to a large number of government officials, as well as officers of the Exposition Company, the illuminate of the piers by myriad incandescent lamps and searchlights, and a great display of pyrotechnics, which is now being arranged by Pain, the fireworks king. A feature of the pyrotechnics, which is now being arranged by Pain, the fireworks king. A feature of the pyrotechnics, which is now obtained a lake of liquid fire.

Workingmen are now putting the finishing touches on this great piece of masonry, the ends of which are onnected by the longest single span of concrete in America. The pergolation of Washington correspondents, representing the leading publications of the country, present.

Illuminate the Pier.

IN THE GOBI DESERT. The Blinding Sand Storms, the Pitfalls and the Wolves.

Of the troubles that beset the traveler in Chinese Turkestan Hans Doring writes in the North China Daily News: "On the night of March 27, while making our last stage to Hami, a violent storm sprung up from the northeast. We were literally wrapped in thick clouds of dust for hours and had to grope our way through it like blind men, so that if it had not been for the camels we should certainly have lost our way. The gale commenced about sunset and came from the opposite direction to that in which we were traveling. This made it just possible for the camels to proceed on two porters had to be requisitioned to their journey, feeling the way with Not immediately was the bearing of take the portmanteau into the railway soft hoofs. The drivers could not see immortality recognized. And yet, as of mind, as all Italian porters are, the storm had come from the opposite the mind adjusted itself to the almost they inquired what the heavy bag direction we should have been comprotean forms of energy, it became apparent that life itself, which is the highest form of energy we know, must which, it seems, is a Spanish expreswhich, it seems, is a Spanish expresdesert being almost as level as a bilinevitably become subject to this law. sion meaning "Mind your own busi- liard board.
